Fetes & Fundraisers | Clubs | Corporate Events and more!

🔥 WAX-ART 🔥 SPIN-ART

WORKSHOPS 2020.07.01 V0 BV

## OUR WORKSHOPS

### WAX-ART

We teach you the old-fashioned way of working with wax, completely safe and fully supervised by our dedicated team members. The process takes 15-20 minutes using different coloured molten wax. You end up with a one-of-a-kind creation you can keep and admire forever or give away as a present.

- ✚ We require an area approx. 32m<sup>2</sup> (size of a double garage) to set up our equipment
- ✚ Additional space for participants to assemble

#### **W1: CARVED CANDLES**

Make your own candle by dipping a wick into wax repeatedly until thick enough for us to carve it into a subject of your choice from our samples..... what will it be? Classic or crazy or even a race car, elephant or crocodile?

#### **W2: BALLOON WAX LIGHTS**

We start with a water filled balloon, yes, water filled balloon..... which you dip into wax. Once a certain size is reached, our team members will help you transform it into a beautiful bowl fitted with a LED tea light inside to shine through the different layers of coloured wax

#### **W3: WAX HANDS**

For the more daring? Not really, it is harmless and you are fully assisted by our experienced team members. We first chill your hand in ice water while you think of a pose you want your wax hand to resemble. What will it be? A fist for 'power' or stretch out middle and index finger for 'victory' or pinky and index finger for 'rock n'roll' or pinky, index and thumb for 'I love you' or simply the middle finger for.....

### SPIN-ART

Combining recycling with creative art.... how much better can it get! Our customised spinning-wheel table lets you go wild on colour and imagination.....

- ✚ We require an area approx. 20m<sup>2</sup> (size of a single garage) to set up our equipment
- ✚ Additional space for participants to assemble

#### **S1: WALL CLOCKS**

Have fun creating your own piece of art using old vinyl records..... no two are alike! You decorate them with our special paints, add your own touch with little knick-knacks from our treasure box and we add a clockwork. You end up with a colourful and fully functional time piece to make any wall you hang it on proud!

### COMING SOON

#### **PLASTER-ART**

An old favourite is coming back.... with a twist! Mix and pour plaster into moulds, paint and decorate.

#### **MELT-ART**

Wonderful creations made from brightly coloured beads bonded together in a special furnace. Make anything you fancy or use our templates..... from jewellery and mobiles to Christmas tree decorations, from animal shapes and floral ornaments to window chimes and dreamcatchers..... the choice is virtually endless!
